New to the Auction?

Here is a Detailed List of Some Terms You May Be Unfamiliar With

“Preview:” the preview is an allotted time in which the public can come to our warehouse and view the items they are interested in purchasing. This opportunity gives you the ability to inspect the product before bidding. **Preview is usually the afternoon before and the morning of the auction; specific times can be found at www.ableauctions.ca**

“15%” or “Buyer’s Premium:” this is an additional fee added your bid price, it is charged due to the fact that the items that you are bidding on (most of which are **BRAND NEW**) are drastically below their regular retail price. **It is a good idea to keep this in mind while bidding.**

“As is, where is:” this term is applicable to all items sold in the auction. ‘As is’ refers to the condition of the product, whether it is **brand new** or damaged in some way; ‘where is’ refers to the location in the warehouse that the item is. **You will be responsible for the entire removal process, staff members are not permitted to assist.** With your driver’s license you can borrow a dolly; there will also be **independent movers** present on auction day if you wish to hire them.

“Register:” registering is how you obtain a bidder paddle to bid on items you wish to purchase. It requires your driver’s license or any kind of government issued ID, a phone number and a signature. **There is no fee to register.**

“Lot:” a ‘Lot’ is a product being sold in the auction. Each ‘Lot’ has an individual number (‘Lot Number’) which identifies it in the catalogue as well as while previewing, bidding, purchasing and removing. **‘Lots’ may consist of a single item or it may contain multiple items.** To differentiate be sure to **preview** as well as carefully read your catalogue which will have descriptions of each item for auction.

“Paid’ Invoice:” you will only be given **ONE** invoice that will have a **red ‘Paid’ stamp** on it. If you require more than one copy for bookkeeping purposes you may request one but it will have a **strike** through it or a blue ‘Copy’ stamp on it. **Product may only leave the warehouse with a ‘Paid’ invoice.**

- The auctioneer sets & dictates the price. If you are not meeting his increment he will not accept your bid i.e.:

The bid is at \$25, the auctioneer is asking \$35 and you are only offering \$30; the auctioneer will end up accepting and selling the item for \$25 ignoring the \$30 bid.

If You are Thinking of Bidding Online for this Auction:

All auctions are LIVE. The online auction will be in real-time with the Vancouver location. Please register to bid & receive approval in advance; open your browser and login to bid 10 – 15 minutes before the auction start time (10:00am) so that if you encounter any problems they can be sorted out before any items are missed!

Online Bidding Rules & Tips:

- All items sold are **as is, where is** with no guarantees, warranties, refunds or exchanges.
- **ALL bids are non-retractable; this includes Proxy, Online and in person bids. Once your bid has been accepted Able Auctions will not retract the bid, you are responsible for any item you successfully bid on.**

Preview is available on Friday March 9th from 12noon – 6pm so you can view the items before bidding on them.

- Your bid price is **per lot number**, in most cases this consists of one item i.e.: one desk or one chair but the lots may consist of multiple items i.e.: three computers and a lamp, or one mop, two squeegees and a bottle of cleaning solution. **In either case you bid for what is described in the lot;** each lot is also accompanied by a catalog description and photo.
 - o If there are multiple lots that are the **same** item, i.e.: lots 100 – 150 are all the same desk you may choose the quantity that you require upon being the highest bidder. You will pay your bid price times the quantity you choose.
- Once the item is sold to you as the highest bidder, you are able to choose which specific lot number you would like to have; **however you are not guaranteed this particular lot number**. This is because as you are choosing, the auctioneer may be offering the same items to people bidding in person. We will however do our best to get you the lot(s) that you want.
- During the auction you will either see "Floor" make a bid or another username. When "floor" bids that means someone in person has raised their paddle, otherwise it is another online person bidding. This gives you a sense for where the bids are coming from.
- Occasionally you will see "pause" come across your screen. This happens when something on the floor causes a delay. This could be due to several reasons but it usually only lasts a few minutes and then bidding resumes.
- **In the case of a tie between an online & floor (in person) bidder, the floor bidder will win.**
- **The auctioneer sets & dictates the price. If you are not meeting his increment he will not accept your bid** i.e.: the bid is at \$25, the auctioneer is asking \$35 and you are only offering \$30; the auctioneer will end up accepting and selling the item for \$25 ignoring the \$30 bid.

Important things to know before bidding online:

- o You may not retract any bid; please bid carefully and consider the buyer's fee and taxes (12% HST) while bidding.
- o **Payment and pick up must be completed on Saturday March 10th 2012** Able Auctions accepts: Cash, Debit, Certified funds, American Express, Visa and Mastercard for all other products.
